

Have you enjoyed learning all about creating a wildlife friendly garden? Share these fun facts and ideas with your friends and family!

IDEAS FOR YOUR WILDLIFE GARDEN

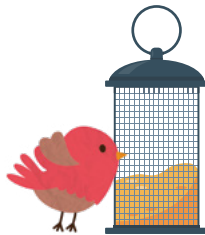

1. Plant a variety of flowers and plants
These will attract lots of different creatures!

DID YOU KNOW?
Some types of ladybirds have stripes instead of spots!

2. Set up a bird feeder
To encourage hungry birds to keep coming back

3. Create a water source
Insects and animals get thirsty too

4. Build a bug hotel
Extra shelter can help creepy crawlies feel even more at home

5. Create your own compost
A great way to create healthier soil, attract more bugs and help plants grow

FUN FACTS ABOUT GARDEN WILDLIFE

Bees have 5 eyes, but they can't see the colour red!

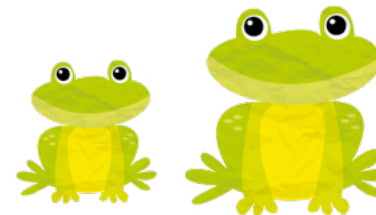

DID YOU KNOW?
Beetles talk to each other using special sounds or vibrations

Hedgehogs are nocturnal, which means they only wake up at night
