

# FACTSHEET

The factsheet will examine the houseplants in a bit more detail. We'll then share four amazing facts that kids will enjoy

## WHICH PLANT WHERE?

In this section, we'll learn which houseplants work best in different places

### Sunny Soakers

Plants like the Venus fly trap, Aloe vera, and most cacti love the light

### Bathroom Bloom

Brighten up your bathroom with a Boston fern - they'll love the steam from the shower

### Low Light Lovelies

Peace lilies and Japanese aralia both shine in the shade, making them ideal for low light

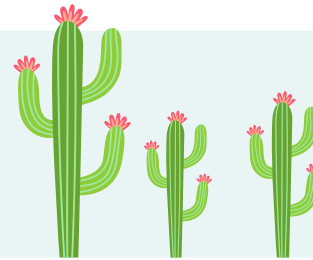

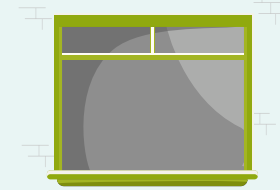

### Living Room Lounger

Swiss cheese plants are a big and beautiful addition to your living room

## FUN FACTS ABOUT HOUSEPLANTS

### Wonderful windows

Double-glazed windows are one of the most overlooked reasons we can grow tropical houseplants

### Feeling thirsty

Some cacti can survive for up to two years without water

### Ancient aloe

Some species of aloe vera can survive for over 100 years

### DID YOU KNOW?

Monstera is called the "Swiss cheese plant" due to its leaves resembling slices of Swiss cheese

### The big cheese

Swiss cheese plants can grow up to 8 metres tall and 2.5 metres wide
