

The factsheet shares four garden-related books that readers might not have heard of. We'll then share four amazing book-related facts that kids will enjoy

## GLORIOUS GARDENS, RIVETING READS?

If you love reading about gardens, here are four books that are worth a look

### DID YOU KNOW?

Superworm is also the name given to the larvae stage of a species of beetle

#### Tom's Midnight Garden by Philippa Pearce

A beautiful garden, time travel, and a clock that strikes 13 – this classic has it all

#### Alice's Adventures in Wonderland by Lewis Carroll

What happens when you plant white roses, but the evil queen prefers red? Check out this favourite to find out...

#### Igglegiggle's Lost Blanket - In the Night Garden

Perfect for younger readers, this fun and colourful lift-the-flap book is ideal for bedtimes

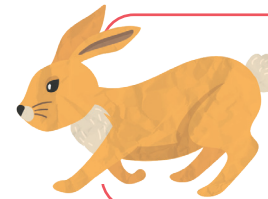

#### Superworm by Julia Donaldson

A tale of bravery, skill, and the power of friendship, Superworm is a wonderful read and has been adapted for TV too

## FUN FACTS ABOUT GARDEN BOOKS

### Harry Potter and the Chamber of Secrets

Mandrake is a real-life plant – but they don't actually scream when you pull them out of the ground!

### The Tale of Peter Rabbit

Beatrix Potter had a pet rabbit named Peter when she was younger

### The Secret Garden

The walled garden in the book was inspired by a garden in Kent – you can even go and visit

### The Very Hungry Caterpillar

Caterpillars have 12 eyes that are arranged in two groups of six on each side of their head
