

SEVILLE - HANGING EGG CHAIR

SAFETY & CARE ADVICE

IMPORTANT - Please read these instructions fully before starting assembly.

SAFETY AND CARE INSTRUCTIONS

General Safety

- Please read all instructions carefully before starting assembly.
- Do not use this product for anything other than its intended use.
- For chairs used outdoors it is advised that the chair is kept covered when not in use to protect it from the weather and accidental damage.
- Do not stand on chair as this can lead to accidents.
- Children & vulnerable people should always be supervised when using this product.
- THIS IS NOT A TOY: This egg chair is not a toy and is not recommended for children.
- Read and follow all instructions that are on, or provided with, the product.
- We advise regularly checking all bolts, screws, & fastenings are secure during the lifetime of the product.
- This product should only be used on firm, level ground while ensuring the entire base remains in contact with the ground.

- Keep hands away from mechanisms to prevent possible entrapment or injury and ensure any safety locks are correctly located and locked in place.
- When moving furniture never drag the pieces across the floor, as this will cause damage to the joints.
- Do not climb on the frame.
- Do not exceed the maximum user weight 100kg.

Weight bearing information:

The total maximum user weight for this product is 100 kg
Warning: The unit weight approximately 27kgs. Please lift with care.

CARE & MAINTENANCE

Clean with care:

Metal Components

- Clean steel frames with mild soapy water and a soft cloth; rinse and dry thoroughly.
- Do not use bleach, ammonia, or abrasive products.
- Remove any surface marks or early rust spots promptly by lightly sanding, cleaning, and touching up with a rust inhibitor or suitable outdoor metal paint.
- Apply a thin coat of clear car wax or corrosion-resistant polish seasonally to help prevent oxidation and maintain finish.
- After rain, wipe away moisture to prevent water spots or corrosion.

Cushions (if included):

- Spot-clean using mild detergent and water.
- Allow cushions/fabric to dry fully before storing to prevent mould and mildew.
- Store cushions in a cool, dry, shaded area when not in use.
- The cushion/fabric is not designed for permanent outdoor exposure.

Storage

- When storing indoors:
 - Keep furniture in a dry, ventilated space away from direct

sunlight or heat sources.

- When storing outdoors:
 - Use breathable, water-resistant covers.
 - Avoid sealing in plastic or airtight materials that trap moisture.
- Ensure all parts are completely dry before covering or storing to prevent mould and corrosion.

Outdoor and Weather Protection

- For outdoor sets, cover furniture with a breathable, water-repellent cover when not in use.
- Ensure covers allow air circulation to prevent condensation and mould growth.
- Avoid prolonged exposure to direct sunlight, as this may fade materials or weaken finishes.
- Inspect regularly for corrosion on metal components and treat promptly if detected.
- Lift furniture with care — always with assistance; do not drag.
- We'd also recommend regularly checking for early signs of rust, chipped paintwork or scratches, and to address these as early as possible to protect your outdoor furniture.

ASSEMBLY INSTRUCTIONS

IMPORTANT - Please check you have all the parts & fittings listed below.

Note: The quantities below are the correct amount to complete assembly. In some cases more fittings may be supplied than are required.

Assembly

- Read the entire manual prior to assembly and identify all the parts included in the package against the parts list. If any parts are missing or damaged do not attempt assembly, return the item to place of purchase with purchase receipt.
- Carefully remove all the parts and fittings from the box and place them on clear flat soft, level surface. Remove all fittings from their plastic bags and separate them into their groups. We recommend that the packaging is used to protect the surfaces during assembly.
- Ensure all children and animals are away from the work area – small parts could choke if swallowed.
- Assembly of this product requires more than one person. When lifting or moving the product we advise doing this with another person – Lifting alone could cause injury or damage to the product.
- When assembling, please ensure you have adequate space.
- Do not stand or put weight on the component parts during assembly, as this could cause damage
- Dispose of all packaging carefully and responsibly
- Do not fully tighten screws until assembly is assembling is completed.
- We do not recommend the use of power drills/drivers for inserting screws, as this could damage the unit, only use hand screwdrivers.

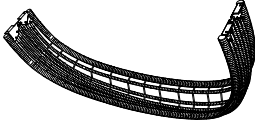

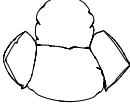

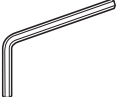

DISPOSAL

- Dispose of the product and packaging responsibly in accordance with local waste and recycling regulations.
- Do not burn rope, metal, or cushion materials, as they may release harmful fumes.
