

## Eggy's Easter Facts

Learn more about Easter with Eggy the Easter Kitty Bunny's fun facts:

The Easter Bunny tradition comes from Germany. It started as a magical hare that laid eggs.

Bunnies are a symbol of Easter because they can be seen hopping around gardens in spring.

Easter eggs were first used hundreds of years ago to celebrate new life.

The world's largest chocolate Easter egg weighed over 7,000kg - that's heavier than an elephant!

## The Wonders of Spring

Let's take a look at why the season of spring is so special:

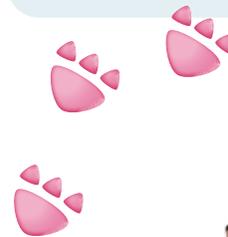

Trees that looked empty all winter grow new, green leaves.

Spring has a special smell called 'petrichor' because of all the rain and blooming flowers.

Birds that flew to warm places for winter come back, singing loudly to attract mates.

Hibernating animals like bears and hedgehogs wake up from their long winter naps.
