

RECALL

STIHL is recalling the gloves shown below

Gloves STIHL DYNAMIC Vent

Gloves STIHL ADVANCE Ergo MS

STIHL work gloves CARVER Kids

STIHL work gloves Kids

STIHL has learned that these four types of gloves may not meet the legal limits for polycyclic-aromatic hydrocarbons (PAH). A high concentration of PAHs is considered harmful to health and wearing potentially contaminated gloves poses a risk to the user.

As a responsible manufacturer, STIHL has decided to recall the gloves and to refund the purchase price.

The gloves should be returned to a STIHL Servicing Dealer (not one of our garden centre partners). You can find your nearest STIHL Servicing dealer by searching stihl.co.uk – simply select the Servicing / Service filter option when you search.

You will receive a refund of the purchase price even if you do not have your receipt.

Thank you for your understanding with this precautionary measure.

To be displayed until: 31-Aug-2022
