

# CHALLENGE SHEET

## WINTER WILDLIFE WATCH

Wrap up warm and head outside to spot some wonderful winter wildlife with this fun challenge! How many of the winter wildlife below can you find? To get started, print off a copy of this winter watch challenge sheet for each player. **Simply cross out the animal or plant when you spot them. The player that spots the most wins. Good luck!**

Binoculars can help you get a closer look but aren't essential - don't worry if you don't have any!

Visit as many habitats as you can! What can you spy in your garden, local park, woods, fields, lakes, and rivers?

ANSWERS (FROM TOP LEFT TO BOTTOM RIGHT): brown hare, acorn, grey squirrel, roe deer, blue tit, pinecone, robin, holly, holly, winter berries, sparrow, chestnut
