	Complementary feed for pets	Rev. nr.: 3

ST 12951 DF Cat Malt

Description:

Complementary feed for all cats. When cats wash their coat by licking, hairballs can be formed, and cause disturbances in stomach function. The cat malt contains i.a. malt and oils, which help the cat to get rid of the swallowed hair by surrounding the combination of these natural raw materials and thereby making the hair digestible.

Directions for use:

2-3 cm of cat malt is given orally directly into the mouth 2-3 times daily in between meals. Keep out of reach of children.

Composition: (Content pr kg)

Malt extract	585 g
Parafinolie (Mineral oil)	

Additives:

Technological additives	
Potassium sorbate	E202

Analytical constituents:

Crude protein:	2,8 %
Crude fibre:	<1 %
Crude fat:	<1 %
Crude ash:	<1 %
Water:	11,5 %
